# FOOD FOR THE FUTURE

Research increasingly demonstrates the need for good nutrition across all age groups and we know a balanced diet reduces the number of nutrition-related illnesses in young people. We play an important role in promoting a well-balanced diet and setting students on the right track for later life.

### FREE SCHOOL MEALS

You may be entitled to them.

Check out this website:

[www.gov.uk/apply-free-school-meals](http://www.gov.uk/apply-free-school-meals)

Our menus are exciting and innovative, reflecting the very latest UK and international eating trends but with a real focus on **health and wellbeing**. Our menus adhere to the school food-based standards to make sure students are fuelled and hydrated for learning.

“ We are one team with the same goal – to provide a great catering service to our customers and we love what we do!

We are committed to quality and our approach to food sourcing focuses on sustainability, seasonality and provenance.”

### Allergens and Special Diets

We cater for different requirements so that all customers can enjoy a tasty meal with us every day. For pre-packaged food, our labelling processes have been reviewed to give ingredients and allergen information in accordance with **Natasha's Law**. We continue encourage customers to talk to us so we can work together to provide meals that are safe to eat.

### Food Trends - What's hot and What's Not!

Attitudes and expectations around food are increasingly influenced by the **high street** and as we now eat a much wider variety of food than ever before - we make sure we are on trend!

We keep taste buds excited with our great Flavours of the Month themes and specials!

### Vegan and Free-From

Vegan and free-from ingredients are key to our recipe development and we love to tempt our customers with more and more opportunities to try alternative dishes.

We have a great range of Plant Power options as part of our menu cycle as well as our pop up special days.

## DELI KITCHEN

Our Deli Kitchen brand is for the popular standard Aspens hot and cold offers. **Sustainability** is one of our core values - we recognise that our activities can affect the environment and so we do what we can to minimise our impact. We believe that lots of small changes can add up to make a big difference and so we have a multi-faceted approach including:

- using environmentally friendly cleaning chemicals and disposables wherever possible across all our sites.
- phasing out single use plastics and giving preference to products made of recycled materials.
- reducing food miles and carbon output by selecting local suppliers wherever possible.
- conscious consumption - providing low impact food choices such as plant based proteins, seasonal fruit and vegetables and zero waste recipes
