

03 February 2022

Dear Parent/Carer

Please can I remind you of the importance of the use of Lateral Flow Testing (LFT), in minimising the transmission of Covid-19 within our school community.

We continue to issue LFT's on a three-weekly basis to students and encourage twice weekly testing at home, supervised by an adult. As a community it is our responsibility to each other to maintain this in order to keep everyone safe.

Please can I ask you to ensure:

- Students who have symptoms of Covid-19 (found [here](#)) do not attend school until after a PCR test has returned a negative result.
- Students undertake a supervised test twice weekly.
- Those who are aware of being a close contact of a positive case should test daily for 5 school days.
- Students should not be testing or requesting to test in school. Transmission is only limited by staying at home and testing.

I appreciate your support as we continue to navigate our way through this difficult time.

Yours faithfully

Mr Prankerd
