ADVICE ON ORGANISING YOUR TIME:

- You should complete **at least two 30 minute** sessions outside of the school day and after school revision put on between 14:45-15:45.
- Remember some homework tasks can support your revision
- Build in time to relax and time to eat dinner!
- Revision should be practical – creating revision resources, testing yourself, writing model answers etc.
- Avoid distractions, and set an alarm of the different timed sessions to keep to time.
